The items warehouses are conveniently stationed in Changwon, South Korea and Louisville, Kentucky to ensure exceptional service to both their customers and their sellers. For over 90 years, Clark has surpassed industry standards, being one of the most actively advancing companies. Driven to offer the highest level of value and service to our customers, Clark remains on the cutting edge when it comes to enhancing output and benefiting performance.

Clark Totalift has a really amazing intercontinental support network. With over 550 locations globally, dealer representation in over 80 nations and 230 locations in North America, their high level of commitment to their customers predominates the material handling industry.

Clark proudly remains an progressive leader of the industrial equipment industry, revolutionizing protection features such as the operator restraint system. This exceptional commitment to safety is currently a standard feature on every lift truck.

Clark has a continual objective to have the No. 1 quality system in the industry which is demonstrated by their dedication to ISO standards. Clark, is the first manufacturer of forklifts and lift vehicles to be globally certified with quality standard ISO 9001 in all of its production plants. Furthermore, the ISO 14001 Environmental Management System certificate was awarded to Clark's Korean facility in 2001. This paramount achievement permits Clark to be ready for any environmental restrictions, thus placing them in a dominant market position.

Resource Efficient Manufacturing

Clark has selected the extremely economical and advantageous structure of "Lean Manufacturing" for its assembly facilities and use of resources. This system was developed to acknowledge the most efficient approaches of production facility stewardship and ensuring maximum proficiency. Clark has completed this transition of its Korean facility. COPS which is Clark Optimized Production System, equally focuses on quality of product and services and production efficiencies.

Engine Design

By working collectively, Clark's product suppliers and engineers communicate towards enhancing product efficiency while minimizing costs. The new value engineering program combines innovative product improvement and offers improved client support and service within the industry.
